

EastGen

August 2017

Keen competitors vie for top honours in conformation, showmanship and education at EastGen's annual youth events

In July 438 participants had the opportunity to take part in one of the most anticipated 4-H events of the year. EastGen's Showcase and Challenge events include education, skill enhancement with fun and friendly competition. Participants spend time team-building while learning at education sessions and then entering the ring for showmanship and conformation evaluations on show day. Overall points are comprised from a written test following education as well as show-day results.

EastGen organizes a series of four regional events across their service area in Spencerville, Ontario; Markham, Ontario; Stratford, Ontario; Truro, Nova Scotia, focused on 4-H youth between the ages of 14 and 21. EastGen is proud to honour achievements in quiz writing, best exhibit and display, top show results, and overall accomplishments by age division as well as overall grand champion of the show. EastGen's youth events are a highlight for EastGen staff and directors demonstrating their unparalleled commitment to youth through programs like 4-H, Dairy Edge, DairySense, EastGen Challenge, EastGen Showcase and the Royal Agricultural Winter Fair.

"As staff, one of the highlights of our year is to work with the next generation who are so enthusiastic, energetic and passionate about the dairy and beef businesses," said Brian O'Connor, EastGen General Manager. "These participants are the future leaders in our communities and represent the future of agriculture, one which we are proud to be a part of."
