

## 2009 WORLD ANGUS FORUM

From July 13-16 Angus breeders from all around the world came together at Spruce Meadows in Calgary, Alberta for the 2009 World Angus Forum. This incredible event hosted over 770 registered participants from 20 countries, 1,000 daily visitors and had over 1,000 head of Angus cattle on display.

The World Angus Forum takes place every four years, alternating between locations in the northern and southern hemisphere. The last forum held in Canada was in 1985 in Edmonton, so Canadian breeders were extremely excited and proud to be hosting the forum in Calgary this year.

Semex was extremely honoured to have been both a major sponsor and participant in the event. Semex representatives from Brazil, South Africa, Australia, the USA and Canada all attended the event and had a great time meeting breeders at the Semex booth, talking with producers outside the show rings and seeing Semex genetics on display in the barns.

### Event Highlights:

- The Opening Ceremonies were an amazing way to get the event started with welcoming words from Alberta Premier Ed Stelmach and a 'white hatted' ceremony, making the World Angus Secretariate delegates honorary Calgarians.
- World Angus Forum Sale was one of the most impressive sales ever seen in North America with the sale grossing \$358,683 and averaging \$5,978 CAN on 60 lots.
- Over 1,000 head of Angus cattle on display.

• The Opening Gala was an incredible evening where breeders from around the world got to meet and mingle. The evening hosted a delicious dinner, live auction that raised \$10,200 for the Canadian Angus Foundation and musical entertainment from Gord Bamford.

• Unique to this year's forum was the International Embryo Program where Angus genetics from some of the world's top herds. Eight countries participated including Argentina, Australia, Brazil, Denmark, Ireland, Scotland, Uruguay and USA.

• WAF Futurity Finals featured over 80 animals. Cindy Bosch, Don Currie and John Tilson had the honour of judging the Black Angus Futurity while Jim Henderson, Kelly Brown and Kirk Wildman placed the Red Angus Futurity.

Following the World Angus Forum, Semex hosted a two day tour visiting farms in and around Calgary. Tour participants from Brazil, South Africa, Australia, USA and Canada participated. It was a great opportunity to truly demonstrate the strength of the Semex beef line up and its sires.

### Highlights:

- A chance to see S A V Wall Street 7091, one of the most talked about sires in the breed.
- An exclusive look at one of the new sires joining the Semex Angus line-up, Bushs Conquer 156.
- Visiting Hamilton Farms to look at their breeding program.
- Gerrard Cattle Company was another stop where we got to see some of the first Wall Street calves in Canada.
- A chance to look at Red Northline Breaker 28S, who is working hard at New Dimension Cattle Co.
- A visit to Brylor Ranch to look at their breeding philosophy and see Red Fine Line Mulberry 26P.
- The group got to visit Benchmark Farms, where we got to see G A R Efficiency 7295.
- We got to see some incredible Red Lazy MC Gridiron 66S daughters at Lazy MC Angus
