

AYRSHIRE

Two new Genomax additions to our already stellar Ayrshire line-up this round. The first, **Ruisseau Clair ADIDAS**, is an exciting Bigstar son from Canada's #4 Conformation cow Dur Star Athena VG-88 (by Oblique).

The high-producing Athena stems from Canada's #1 Conformation cow Dur Star Amour EX-2E 94 ELITE (by Calimero). She is followed by the VG-89 5* BB Kellogg dam of the popular 'Normandin' and then the amazing Kellcrest Happy Spirit EX-8E 93 (dam of Ice Man and Harmony). **ADIDAS** offers a balanced breeding profile that will be sure to make him popular. Designated as Robot Ready and Health Smart, **ADIDAS** is +2980 GPA LPI with +1048 Milk, +53 Fat (+.14%), 35 Protein (+.00%) and +12 for Conformation. He can be used as a substantial udder improver (+11 Mammary System), a Feet & Legs specialist (+13) and great source for Health & Fertility trait improvement.

Our second Ayrshire addition is Des Coteaux **RUBICOM** (maternal brother to Des Coteaux Miquelon). This Jumperson stems from Kamouraska Poker Ruby VG-86 ELITE 2* and then the renowned Kamouraska Peterslund Ruby VG-87 7* (dam of Rockstar, Decaf and Volvo). **RUBICOM** (also designated as Robot Ready and Health Smart) is +2910 GPA LPI with +1309 Milk, +49 Fat, +42 Protein and +12 for type. He is also a source of double-digit udders (+11 Mammary System) and outstanding Feet & Legs (+11). Both bulls are available on a 'Pre-Order Only' basis.

BROWN SWISS

One new Brown Swiss Genomax addition is Kiba **NOLIMITS**. **NOLIMITS** is a son of Vigor (President x Evan) from an EX-90 Agenda from Italy. He offers profitable daughters (+1762 GPA LPI) with solid indexes for Herd Life (113), Daughter Fertility (104) and quality milk with 2.76 SCS!

JERSEY

Guimo JOEL

Canada's NEW #1 Type Sire

+15 CONFORMATION
GLPI +1767 (#4)
Pro\$ \$1201 (#10)

The wait is over. Our best young Genomax sire for Conformation, **Guimo JOEL**, just became Canada's #1 proven type sire with an amazing +15.

Dam: Fernmar Paramount Joy EX-94-2E (EX-96 Mammary)
Hon. Mention All-CAN Mature Cow 2014
1st Lifetime Cheese Production Cow - 2014 WDE

Russell Gammon, Semex Alliance Jersey Program Manager has nothing but praise for the new Jersey star, "This bull sires youthful daughters with exceptional udder clearance and is a true udder bull and can be used to improve protein to fat ratio. Feet and legs are exceptionally correct and the median suspensory ligaments are strong, with an udder texture that is at a top of the population level. Add this bevy of pluses to the fact that he is Immunity+ and can sire the fancy kind and this is a bull for all seasons and reasons." If that wasn't enough, **JOEL** carries the coveted A2A2 gene combination as well as our Repromax designation.

We have also introduced 3 new Genomax sires for our Jersey breeders:

Lencrest OPENROAD (Vivaldi x David x Blackstone)
+1967 GPA LPI \$1476 Pro\$ +641 Milk +0.62% F +5 Conf

DP FRONTRUNNER (Premier x latola x Jace)
+1896 GPA LPI \$1721 Pro\$ +736 Milk +0.35% F +11 Conf

Sandcreeks FRANKLIN (Samson x Tbone x Jacinto)
+1857 GPA LPI \$1545 Pro\$ +1566 Milk +0.01% F +6 Conf

BASE CHANGE SUMMARY - APRIL 2016					
TRAIT	AY	BS	GU	JE	MS
