

AYRSHIRE

Big changes with three new exciting additions to our strong Ayrshire line-up this round. The first, **Kamouraska RENOIR**, joins our list with an outstanding 3065 GPA LPI, +1353 Milk, +57 Fat (+.02%), +49 Protein (+.06%) and +9 Conformation. **RENOIR**, who is designated

Robot Ready®, is a Romancer son from the #2 ranked Bigstar daughter in Canada - **La Sapinier Facybig VG-85 ELITE**. Her Poker mother is out of an EX-91-4E 6* B Jurist who stems from a VG-88 4* Lorenzo daughter of **La Sapiniere Cacy EX-91-4E 5***. When you look across his Conformation traits, all you will see are positives which means that, in addition to **RENOIR**'s high production and component potential, breeders can expect general type improvement across the board.

Our second new Ayrshire addition is the **Robot Ready®** and **A2A2** designated **Ruisseau Clair AMARULA**. **AMARULA** is an Ivanhoe son from an EX-91 Burdette, an EX-94-2E Calimero, the famous VG-89 "**Salem**" (dam or **NORMANDIN**) and then the world-renowned

"**Happy Spirit**". **AMARULA** debuts with 2908 GPA LPI while offering solid production (+754 Milk), component improvement (+.07% Fat, +.08% Protein) and +12 for Conformation. Expect problem-free Feet & Legs (+11 Overall, +7 Heel Depth, +6 Bone, +8 RLRV), shallow, well-attached udders (5S Udder Depth, +12 Mammary System) that are made to last the test of time (108 Herd Life). **AMARULA** should make a logical choice for an outcross for most Kamouraska bloodlines.

Our final exciting new Ayrshire addition is the newly-proven **Robot Ready®** designated **Kamouraska SUBBAN**. **SUBBAN**, who is sired by the high type sire Situation (by Reality), is out of a VG-86 6* Jupiter and then the renowned **Kamouraska Peterslund**

Ruby VG-87 10* (dam of Rockstar, Decaf, Volvo and the current #1 GLPI cow in Canada). **SUBBAN** offers a truly balanced profile combining respectable production and component improvement (+667 Milk, +.06% Fat, +.09% Protein) with solid type (+11 Conformation). Like his sire, his daughters will have capacious yet dairy, angular frames (+8 Dairy Strength, +5 Dairy

Capacity) and correct Feet & Legs (+10 Overall).

JERSEY

The newly-proven sire **Guimo JAMIE** was added to our exceptional Jersey line-up this round. The **A2A2** designated **Jamie** is a Matt son from **Guimo Dynamic Joyce EX-94-2E** who is the former #1 GLPI cow in Canada. **Joyce** is one of the many outstanding daughters

of one of the all-time greats of the breed "**Paramount Joy EX-94-2E 11***". We are confident that **JAMIE** has the pedigree, production and type profile that will be sure to stir up our Jersey enthusiasts. He stands out as the best in our line-up for both Pro\$ (\$1929) and LPI (GPA LPI 2138). He is our #2 for CFP (115 kg) and he also offers outstanding deviation improvement (+.46% Fat, +.18% Protein). His double-digit ratings for type (+11 Conformation, +10 Mammary System, +10 Feet & Legs) should also assure him a place in most, if not all Jersey breeders' breeding programs in the coming year.

MILKING SHORTHORN

Oceanbrae FOSTER (77% purity) joins our Milking Shorthorn list this round. **FOSTER** is our first son of the #1 LPI sire Treeton Pingerly, while his dam is **Oceanbrae Logic Feather EX-92-2E** (the current #25 LPI Shorthorn in Canada). **FOSTER**'s second dam is

none other than the all-time Canadian Milking Shorthorn record holder for Fat production and 2015 Canadian Milking Shorthorn Cow of the Year - **Oceanbrae Fawn's Accent-P EX-94-4E**.
