

### AYRSHIRE

La Croisee Chelyote Eliza VG-86-2-YR-CAN

Another stellar proof round for our Ayrshire breeders with the addition of one new proven sire and one new **Genomax™** sire to our growing Ayrshire line-up. **La Sapiniere CHELYOTE** debuts as the new #2 Pro\$ sire with \$2019 Pro\$, +2838 GLPI (#8 in Canada), outstanding Milk (+1317), high components (+0.24% Fat, +0.09% Protein) and an impressive +11 for Conformation. **CHELYOTE**, is a Patriote son (Orraryd x Poker) from a VG-87-2YR Volvo daughter of **La Sapiniere Blanchelyne EX-2E 91 2\***. **CHELYOTE** joins **PARRAIN** and **FANTASTIC** on our list of **Immunity+®** sires available Day-To-Day.

ADOBE

Our one **Genomax™** addition is an early **ARTIST** son the new #4 GLPI sire **Hazcroft ADOBE**. **ADOBE**, who carries the **Robot Ready™** designation, debuts with +2974 GPA LPI, \$1575 Pro\$, +1056 Milk, +61 Fat (+0.21%), +43 Protein (+0.08%) and +7 for Conformation. **ADOBE** will also be a good

source for Health & Fertility improvement being second only to **PARRAIN** with an overall Health & Fertility rating of +506. **ADOBE** is from a Rockstar grand-daughter of **Dur Star Amour EX-2E 94** (by Calimero). **Amour** has a 4 lactation average of 328-306-324 BCA and she stems from VG-89 8\* B B Kellogg daughter of the amazing **Kellcrest Happy Spirit EX-8E 93 9\*** (who is at the heart of many great Ayrshire sires like Normandin, Ice Man and Harmony).

Our #1 used sire **PARRAIN** remains as our top proven Ayrshire sire with +2965 GLPI (#3 overall) and \$1512 Pro\$ (#4 overall). **RUBICOM** overcame the annual Base Change and gained for Pro\$, Milk and Fat yields, and Conformation to a +12, while **YELLOW** also enjoyed a big round. The Yale son saw gains for Pro\$, GLPI, Milk, Fat, Protein and Conformation to a +13 (our very best)!

### BROWN SWISS

Our Brown Swiss breeders will be excited to see our new **Genomax™** addition this round **Giocomini ELISIUM**. **ELISIUM**, who is an **A2A2** carrier, represents an absolute outcross pedigree. His sire is Antonov and he is out of a Calvin dam from a Blooming which represents an all-European pedigree. **ELISIUM** is our top ranked sire with +2154 GPA LPI. He will offer solid Milk (+711), Fat (+43 kg, +0.13%), Protein (+34 kg, +0.08%) and outstanding Conformation (+13) which is highlighted by a +12 for both Mammary System and Feet & Legs. This gives us three exceptional and distinctive Brown Swiss sires all over +700 kg Milk and +13 for type with **ELISIUM**, **Shady Lane Swiss APEX**, and **Hilltop Acres D PACMAN**.

### JERSEY

**New** **LENCREST CONTOUR**  
0200H001216 **A2**  
BOURBON X VIVALDI X "MINNIE" FAMILY

+3409 GPA LPI	\$2272 PRO\$
+1189 MILK	
+113 FAT	+0.73%
+73 PROTEIN	+0.38%
+9 CONF	+8 MS +5 F&L +12 DS

5th Dam: JIF Little Minnie EX96-4E 12\*  
2X RWF Grand Champion (2002, 2004)

Some excitement for our Jersey breeders with one new addition to our **Genomax™** line-up and two new graduates to our proven sire listing. **Lencrest CONTOUR**, an **A2A2** carrier, is the Bourbon full brother to **CASPIAN**. Their VG-88 Vivaldi dam **Lencrest Cocopuff** is the #1 GLPI and #1 Pro\$ cow in Canada. Her EX 92-2E Premier dam is a daughter of the respected Sultan daughter **Select-Scott Salty Cocochanel EX 94-2E 4\*** who was a RWF winner in '08. Behind **Cocochanel** is an EX 90-2E 2\*, three-time All-Canadian nominated daughter of a true icon of the breed **JIF Little Minnie EX-96-4E 12\***. Minnie was Grand Champion at the '02 and '04 RAWF and is the dam of both Jamal and Minister. **CONTOUR** daughters will be profitable (Pro\$ \$2272, GPA LPI +3409), while offering off-the-charts component improvements (+113 kg +0.73% Fat, +73 kg +0.38% Protein), and solid type (+9 Conformation).

Possibly the most significant news this proof round, however, is the first proof of the ultra-popular **Bushlea PN VIRAL**. Despite the annual base change, **VIRAL** enjoyed massive gains in production which sees him currently ranked as the #4 GLPI bull and #6 Pro\$ sire. When you look more closely at these two lists and Canada's Top Conformation Sire ranking list, **VIRAL** stands out as the highest there is with his level of Milk, Fat, Protein and +11 for Conformation. **He's in a league of his own!** **FDL BARCELONA**, who is available sexed or conventional, also received his first official proof this proof round. He remains a value-added source for solid production, balanced type, and for those concerned with health trait improvement, he is one of our very best.

Bridon PN Veronica GP-84-2-YR-CAN

### Other News:

With the addition of more daughters, **Lynmark ST CLARE (Milking Shorthorn)** (90% purity) held for type while seeing gains for Milk, Fat, and Protein yields. No new additions for our Guernsey breeders, but we did see **Dairyman DOUBLE DAWSON** take over our #1 LPI spot while the proven sire **Lindrian GRUMPY PILOT** held at +9 for type (our best).
