

## AYRSHIRE

Four new additions this proof round for our Ayrshire breeders starting with **Marbrae Catalyst**. The **Robot Ready™** designated **Catalyst** is a Rubyway from an EX-91 ELITE 1\* Arbiter with 34,000 kg with 4.1% Fat in three lactations. She is backed by an EX-92-5E 2\* Oblique matriarch at Marbrae with over 65,000 kg in six records at 5.0 % Fat. **Catalyst**

debuts with +3094 GPA LPI, +1155 Milk, +56 Fat (+.10%), +44 Protein (+.05%), and +8 for Conformation. He will be available with conventional

semen as well as sexed as will our second addition, locally-bred **Visserdale Selios**. **Selios** is a son of the private sire Marilie Mélios (Burdette x Calimero) from **Visserdale Selena 3 EX-90-3E**, the #3 GLPI cow in Canada and **2019 Wes McConnell Award winning Jr. 2-YR-Old** for Canada's highest composite BCA for all categories. She's backed by a VG

Reality from **Selena 33 EX-91-2E** who is also a **Wes McConnell Award winner!** The richly-bred **Selios**, who carries the **Robot Ready™** designation, will make a great addition as a source of solid Milk (+465), high deviations (+.23% Fat, +.05% Protein), and a balanced type profile (+9 Conformation). Our third

addition is also locally-bred, **Tilecroft Saigon**. **Saigon**, who is an **A2A2** carrier and is **Robot Ready™** designated, is our first Arbiter son. His dam, **Tilecroft Yellow Sage**, is the #9 GLPI Ayrshire in the breed and Yellow's #1 ranked daughter in Canada. **Saigon** will offer tremendous Milk improvement (+1149)

and a very balanced type profile (+9 Conformation, +7 for Mammary System, F&L's, and Dairy Strength, and an impressive +11 for Rump).

**Plein Soleil Hacker**, a Hunter son (our first) from **Plein Soleil Animate Hylla EX-92-3E**, should be popular debuting with +2932 GPA LPI, +775 Milk, +40 Fat (+.11%), +35 Protein (+.11%), and +8 for Conformation. Hacker is also **Robot Ready™** designated.

## BROWN SWISS

There is one new addition for our Brown Swiss breeders. **Hilltop Acres Nashville** (Jonmar x Silver) debuts with +2162 GLPI, +910 Milk, +51 Fat (+.13%), +47 Protein (+.12%) and +11 for Conformation. Nashville will be a solid F&L improver (+7) and offers snugly attached udders (+9 Mammary System).

## JERSEY

The highly-anticipated **Lencrest Horizon** joins our elite Jersey list and on both sides of his pedigree he represents the very best-of-the-best! **Horizon** is the #1 Canadian ranked son of **Joyride** and his dam, **Lencrest Cocopuff EX-93-2E 2\***, is the perennial #1 GLPI & #1 Pro\$ cow in Canada. She is backed by three more generations of EX star brood cows from a true icon of the breed **JIF Little Minnie EX-96-4E 12\* (2x RAWF Gr. Champion)**. **Horizon**, who is an **A2A2** carrier and is **Robot Ready™** designated, debuts with +1994 GPA LPI, \$2493 Pro\$, +225 Milk, +72 Fat (+.83%), +40 Protein (+.43%), and an impressive +12 for Conformation. Expect exceptionally high components from quality udders (+8 Mammary System, +9 Texture), ideal F&L's (+6), and powerful frames (+14 Dairy Strength, +10 Chest Width). The richly-bred **Cocopuff** is becoming one of the true great matriarchs ever in the breed right before our eyes!

**Other JE Highlights:** **Audibel Jordan** continues to add second crop daughters and we are seeing his proof continue to rise as he does which is what we have expected from field reports across our region. The feedback is fantastic on the Jordan daughters. He currently stands at 86% GP and Better and is currently +1508 GLPI, +72 Milk, +.27% Fat, +.10% Protein, and a +6 for Conformation. He can definitely be looked to as a settler (67 Semen Fertility) while his 102 for Mastitis Resistance and 108 Milking Speed are an added bonus. **Lencrest Broadband-P**, who is available pre-order sexed, is Canada's #1 GPA LPI and #1 Pro\$ polled sire. This Demos-P brother to **Horizon** is a **FastStart** sire so breeders will need to sign an agreement to access him, but with +1115 Milk, +93 Fat (+.49%), +59 Protein (+.23%), and double digit type (+10 Conformation), it will be worth investigating.

**GUERNSEY:** **Hi Guern View CC Denzel** (London x Levi x Yogibear) joins our Guernsey line-up. **Denzel**, who is available conventional and pre-order sexed, is 922 GPA LPI, +176 Milk, and +7 for Conformation.

**MILKING SHORTHORN:** **Oceanbrae Foster** received his first official proof which makes him the #3 LPI sire (#1 for active sires) with +1908. The popular proven sire **Oceanbrae Royal Bentley** ranks #4 and still looks great. We are also excited to be able to offer a limited quantity of pre-purchase sexed semen on the well-bred **Kuszmar Mercury Stargazer** for our Milking Shorthorn enthusiasts.
