

AYRSHIRE (AY)

The preeminent story this proof round for Ayrshire breeders is the lasting impact of the **Des Mesanges Dalton** genetics on the breed. **Dalton** continues to climb on both national indexes and, although he is no longer available, breeders can still access his exceptional genetics through his two standout sons, **Marilie Merino** and **Laroc Crispers**. **Merino** now ranks as the breed's #1 sire with positive Conformation on both the GPA LPI and Pro\$ lists. He combines elite genetics on both sides of his pedigree, tracing back to the legendary 3X All-Canadian "**Prudence EX-95**" through seven consecutive generations of VG or

EX dams. Close behind is **Crispers**, backed by an EX-92 Mohawk dam and four additional generations of VG or EX dams. He complements his impressive pedigree with outstanding component deviations and an outstanding +14 Conformation. Rounding out the highlights is **Republique Marvin**, who surged to +3309 GPA LPI and +1906 Milk, making him the #1 Milk sire in Canada, while maintaining an impressive +9 Conformation. The well-bred **Marvin** delivers the production power of **Bournstar** while being backed by a deep maternal line renowned for balanced, functional type.

BROWN SWISS (BS)

Gubelman King Kong, who was added to our lineup in April, saw gains for GPA LPI (+2288), Milk (+622), Fat (+58 Kg, +.32%), Protein (+49 Kg, +.26%) and Conformation (+6). The well-bred Crazy Horse son is from one of the breed's best bred and successful maternal lines. His dam, **Gubelman Biver Katniss EX-94-3E**, is a full sister to **Kingsley** and stems from the phenomenal **Gubelman Brookings Katie EX-94-3E**. **Hilltop Acres Roket Nitro** remains our highest Conformation sire with +16. **Nitro**, a Rastaroket maternal brother to **Nashville**, is our highest sire for Mammary System (+15) and Protein

deviation improvement (+.28%) which aligns perfectly with the growing market demand for protein. **Gubelman B Dionysus-P**, a Boxer-PP son from the #2 ranked cow in Canada **Gubelman Kade Darlin VG-2YR**, is still our highest for LPI, Milk, Fat, and Protein with +2436 GPA LPI, +1185 Milk, +67 Fat (+.13%), +65 Protein (+.15%) and remains a solid +5 for Conformation.

JERSEY (JE)

The strength and diversity of our Jersey lineup has never been better, and with three exciting additions this proof round. Breeders now have even more opportunities to access the breed's most progressive and profitable genetics anywhere.

Dulet Balboa-P debuts as a heterozygous polled Luken-P son from the remarkable **Dulet Joel Brioche EX-95 5E 5***. **Brioche** hails from an eight-generation VG or EX maternal line and earned All-Quebec honours three times, along with All-Canadian recognition in 2017. Her daughter, **Dulet Victorious Bagel EX-95 4E 5***, has amassed an impressive list of accolades too long to detail here which includes her status as the dam of the exceptional type sire **Dulet Mr Brown** with +20 for Conformation! **Balboa-P** debuts as a solid Milk sire with +586 Kg, with +24 Fat, +20 Protein, and a +13 for Conformation. **Balboa-P** is a standout option for breeders looking to make long-term genetic progress while increasing the frequency of polled offspring.

The **Xenial** son, **Unique Houdini**, joins our lineup with an exceptionally balanced profile, combining +2000 GPA LPI, +1000 Milk, +66 Fat (+0.18%), +42 Protein (+0.06%), and a solid +10 Conformation. **Houdini** is backed by an outstanding maternal line. His dam is a fourth-generation EX cow that has earned both Gold and Platinum awards and traces to a family spanning more than 50 years of breeding excellence. With eight consecutive generations of VG or EX dams, including one of the breed's most iconic total-performance cows, **Valleystream Remake Honey EX-92**, **Houdini** offers a pedigree rich in proven quality, longevity, and breed-leading genetics.

Joining our Pro\$ Jersey lineup is **Dutch Hollow Infinity**. This Inxs {6} son is backed by elite genetics, tracing to **Dutch Hollow Jammer Chant-P VG-86**, the breed's #1 JPI Polled cow. **Chant-P** and the two EX dams behind her are all exceptional for Milk production and Protein deviations, creating a maternal line renowned for transmitting production excellence. **Infinity** is a true production powerhouse, delivering +1399 Milk, +78 Fat (+0.03%), and +57 Protein (+0.00%), while maintaining a solid +5 Conformation. For breeders focused on maximizing component yields without sacrificing functionality, **Infinity** offers an exciting combination of performance and profitability.

GUERNSEY (GU) & MILKING SHORTHORN (MS):

Knapps Briggston (Torpedo x Spider) debuts with +44 Milk, +6 Fat, +1 Protein, and +8 Conformation. His pedigree traces to a third-generation EX dam that was a four-time All-Amer. nominee and earned H.M. Sr. Ch. honours at World Dairy Expo! The Bentley son, **Camflat Magician**, joins our MS ranks debuting with +1669 GPA LPI, +182 Milk, +14 Fat (+.08%), +7 Protein (+.04%), and +5 for Conformation. **Magician's** dam, **Camflat Inforcer Mary EX-94**, was the 2018 Gr. Ch. at the Canadian National Milking Shorthorn Show and is a multiple-time class winner and nominee for national honours. In 2019, Mary was the Runner-up for Canadian Milking Shorthorn Society (CMSS) Cow of the Year.
