

At EastGen, we challenge ourselves to constantly advance the dairy industry and we are accountable to farmers first. Do you want to join a company that leads the industry with unmatched genetic innovation, leading-edge technology and advanced reproductive solutions?

EastGen has an immediate opening in Prince Edward Island, for an individual who has a strong background in agriculture and is looking for a variable hours part-time position to augment his/her current income. Hours of work will vary from part-time to full-time to meet customer needs. If you are willing to work some pre-scheduled days each month, we would like to hear from you. Rotational work schedules include some Saturdays, Sundays and public holidays.

Responsibilities include:

- providing artificial insemination service (AI) and agri-product sales
- promotion of current and new products and services to established and potential clients
- offering consulting service to breeders who have questions related to reproduction
- participating in occasional staff and/or client meetings

Qualifications include, but are not limited to:

- keen interest in cattle
- ideally located in central PEI
- the ideal candidate must have knowledge of the agriculture industry and at least two years related experience
- physically fit with acute manual dexterity
- excellent organization and time management skills
- valid PEI driver's license and clean driving record
- flexibility to work rotating schedules which include some Saturdays, Sundays and holidays

Although not essential, preference will be shown to those who have previous experience breeding cattle. All required training will be provided.

Compensation package includes a daily pay rate and a company-owned vehicle with which to provide service to our clients.

EastGen encourages people with disabilities to apply for open positions. Accommodations will be available upon request for candidates participating in the various stages of the recruitment process. Please contact: careers@eastgen.ca.

Submit Application by: October 26, 2018
