

EastGen is continuing to build our team and grow our business and are proud of our team of the best trained, most knowledgeable staff in dairy genetics. At EastGen, we challenge ourselves to **constantly advance** the dairy industry and we are accountable to farmers first. If you want to join a company that leads the industry with unmatched genetic innovation, leading-edge technology and advanced reproductive solutions – **APPLY TODAY**. We currently have a full-time AI Technician position available in our Central Region.

**Location:** District 52 covers a service area from Shelburne to Penetanguishene, and Collingwood to Barrie, bordering Lake Simcoe on the east and Georgian Bay on the northwest.

With the evolution of the dairy industry reproduction is becoming an increasingly important aspect of the AI Technician role. As an EastGen AI Technician you will use our tools, training and technologies to:

- provide artificial insemination service (A.I.) and sell farm and agri-products;
- promote current/new products and services to established and potential clients;
- offer consulting service to breeders answering questions related to reproduction, and,
- participate in staff development opportunities, and staff/client meetings.

A keen interest in cattle, knowledge and experience in the agriculture industry, breeding experience, physical fitness with acute manual dexterity, excellent organization and time management skills, a valid 'G' Ontario driver's license and clean driving record and flexibility to work rotating schedules, including weekends and holidays are a few of the attributes you bring.

**Perks:** EastGen, a leader in the industry, offers a progressive and challenging work environment and competitive compensation package that includes performance bonuses. We are committed to continuous learning and professional development and provide ongoing training opportunities through the EastGen Learning Centre that build on our strengths and develop our talent. All required training will be provided. You will be provided with a company-owned vehicle with which to provide service to our customers.

Qualified and interested candidates are invited to submit a resume by June 20, 2018 to the attention of:
