**ARMADA** represents the ultimate culmination of genes from some of the world's greatest cows including **LYLA Z**, **BARBIE** and **APPLE-RED**! This impressive Lambda son is the result of precision breeding by the 2X Master Breeder Fradon Holsteins. **ARMADA**'s maternal line descends from a great young Crushabull, an EX-92-2E Goldwyn, and then the unparalleled **APPLE-RED**. **ARMADA**... an exciting Breeder's Edge sire that exemplifies insightful breeding at its very best!
