

A POWERFUL ONE-TWO PUNCH

SEMEX
Genetics for Life®

WE'RE CRUSHING DISEASE IN TWO DIFFERENT WAYS!

ONE... Our Immunity+® sires breed stronger cows, better equipped to fight disease with each generation.

TWO... We're identifying the healthiest females in herds with our simple Elevate® genomic test in order to make strategic mating decisions.

Together, we're knocking out disease with healthier herds and less antibiotics.

Immunity+®

Elevate®
