Breeder: Kick-It-Up Holsteins, Eminence, Kentucky, U.S.A.

If production is the name of the game, then **KICK-IT-UP AMO** (Rudolph x Bellwood x Mascot) is the bull for you. His daughters are large-framed cows with an unequalled will to milk.

To complement his high production figures, **AMO** has no minus ratings in his major breakdowns. His daughters have exceptional rear udders. **AMO** daughters are wide-chested cattle that are extremely dairy. Many of his daughters are in freestall set-ups and after seeing a number of them

it is very evident that they are very competitive cattle well-suited to that environment.

AMO will work best on clean-boned, dairy animals that lack substance and aggressiveness.

Good matings for **AMO** would include Inquirer, Allen, Igniter, Leader, Outside and Lee.

– Brad Sayles,
Director of Progeny Development, Gencor
