### MATERNAL EFFECT 109

### CALVING:

Kartago has an excellent pedigree. His father Drop belonged to the best improvers of the muscularity in France. Father of the mother Roland is legendary insemination bull.

Kartago brings easy calving. The bull and his progeny are remarkable for their muscularity. We highly recommend Kartago to cross-breeders who fatten or sell calves. Owing to high maternal effect, Kartago is suitable bull for pure breeding to the herds where improvement of the muscularity is desirable.
