

New Simmental – Ellingson Klondike

Semex is excited to announce semen is now available in Australia from **ELLINGSON KLONDIKE Y123**, he is available at the RRP \$45.00 excl. GST.

Comments:

- His sire continues to be one of the breeds most balanced sires.
- Performance, heavy muscle and easy fleshing genetics, Klondike is sure to add the extra pounds to his calves.
- Homo Polled Purebred
- It isn't every day that a bull like Klondike comes along. He is a solid red, homo polled and full of meat. He has great length, depth of ribs, super rear quarter and a quiet disposition. He is going to have a great impact on the cattle industry. Ellingson Simmentals
