

BE THE FUTURE. JOIN US.

Specialised Laboratory Technician

We are currently looking for a **Specialised Laboratory Technician** to join our team at our Boviteq Blue Box location in Maddingley, VIC.

In this role, you will be part of a dynamic team responsible for the positive and professional relationships Semex & Boviteq have built with our global customers, breeders, distributors, and partners.

The specialised laboratory technician, while performing the role of production technician, facilitates onboarding and training. They will support production through scheduling, troubleshooting day-to-day activities, and ensuring certain quality control standards are being met.

What you will do:

- Participate actively in the embryo production process.
- Coordinate and communicate production plans to ensure smooth operations.
- Analyze and escalate laboratory observations to align with production objectives and quality standards.
- Act as a trainer by effectively transferring knowledge to team members.
- Promote productivity through positive reinforcement and constructive feedback.
- Overall supervision of laboratory operations and staff
- Provide guidance and direction in the management of production objectives, prioritization, and non-compliance
- Ensure adherence to regulatory requirements, SOPs, KPIs, budgets, and schedules
- Analyze and communicate the lab activity monthly reports

What you need to be successful:

- Associate's degree in Biotechnology or a related field, or a Bachelor's degree in a science-related discipline
- Minimum of 2 years of experience in an IVF production laboratory
- Strong organizational skills
- Excellent problem-solving abilities
- Clear and effective communication skills, with the ability to educate team members or clients

Why join Boviteq a division of Semex Australia:

At Boviteq, we expect the best from ourselves, our company, and everything we do for our customers. It is by surrounding ourselves with the best, brightest, and most dynamic professionals that we can achieve this goal. We offer a stimulating but flexible work environment, as well as a competitive compensation package.

Please send your resume as soon as possible by email:

boviteq@semex.com.au

Applications close Thursday 31st July, 2025 at 4.30pm.

We thank all applicants for applying for this position, but only those considered for an interview will be contacted.
