### PRE & POST DIP

	Code	Size	\$	\$/litre
--	------	------	----	----------

Dairyman's Defence	Agri0810	18.9	160	8.47
<b>First Defence</b>	Agri0811	55	332	6.04
	Agri0812	205	1080	5.27

Quick, broad spectrum kill of mastitis causing pathogens. One of the most effective products available for killing staph.

## Chlorhexidine Teat Dip \*DIN

### POST DIP

	Code	Size	\$	\$/litre
--	------	------	----	----------

Dairyman's Defence	Agri0755	55	315	5.73
<b>Shield</b>	Agri0756	205	1040	5.07

Non-irritating with a formulation that provides a residual effect resulting in extended killing time. With neutral pH and non irritant properties, Shield is an excellent alternative to Iodine.
