Calf Blankets

- Protect calves during changing weather conditions
- Allows calves to reach full growth potential
- Helps calves retain body heat in cold environments

IDEXX Alertys™ OnFarm Pregnancy Test

A reproductive tool to be used in conjunction with a regular veterinary herd reproduction program!

- Alertys cow-side blood-based tests offer flexible testing options with results as early as 28 days postbreeding for when you need to know the pregnancy status before the next vet check-up.
- Cost effective and easy to use.
- Available in 5 test and 25 test packages.

Colostrum Supplement

Bovine IgG Colostrum Supplement for Newborn Calves

- Made with True Bovine Colostrum
- Suitable for first or second feeding of colostrum
- Aid in the treatment of failure of passive transfer of immunity
